

LIMITATIONS and PRIVACY STATEMENT

Limitations of Our Services

Alpha Omega Center is a non-profit medical facility providing limited medical services by licensed medical professionals. Alpha Omega Center DOES NOT PROVIDE emergency services or general medical care. If you do not have a physician, we can provide you with referrals to local physicians for your medical care. If you experience abdominal or pelvic pain, fever, abnormal bleeding, or any worrisome symptoms, you should seek treatment at the emergency department or your doctor.

We provide a urine pregnancy test that is a screening test, 97% to 99% accurate; however, a physician must confirm that you are pregnant. Whether the test is positive or negative, you should consult with a licensed physician.

Alpha Omega Center partners with the Pennsylvania Department of Health (PA DOH) for free STI screening of chlamydia, gonorrhea, syphilis and HIV, and for free treatment of chlamydia, gonorrhea and syphilis. HIV treatment will be referred to an appropriate service. Additional tests are offered as fee for service. All test specimens will be submitted to and processed by an accredited laboratory. Alpha Omega Center will notify you of your results. Treatment or referral will be discussed with positive results.

Alpha Omega Center does not perform or refer for abortions.

As mandated reporters, Alpha Omega Center staff are required to report suspected child abuse.

Our Client Advocates are lay people who have received training in interventions related to reproductive health issues and sexually transmitted infections, and are not necessarily licensed or degreed personnel. The information obtained at Alpha Omega Center is not intended as a substitute for professional counseling.

Alpha Omega Center does not consent to being recorded in any manner.

Privacy Statement

At Alpha Omega Center, we are committed to our clients' privacy. Our staff is required to maintain complete confidentiality about you and your case. All information is kept confidential except if child abuse reporting laws apply or if we believe or hear that you are in danger of hurting yourself or others. Therefore, we will not initiate conversation with you outside Alpha Omega Center premises, unless you give us permission (for example, to call, email, or text). If Alpha Omega Center staff happen to see you outside of the office, they will not initiate conversation with you, although you may do so with them.

If Alpha Omega Center is unable to contact you regarding urgent medical information, our staff is required to send a certified letter in an unmarked envelope to your address on file.

We keep a short record of your visit. You may request a copy at any time.

Contact Rachel Bobic, RN, Nurse Manager 724-406-0673 with any questions.
